

**Pete McCann** - Without Question

O's Notes: Guitarist Pete McCann returns to the jazz-fusion scene with his polished quintet on Without Question and he's in prime form making his guitar speak! They swing on "Lovely Thing" and "Hindsight", both featuring pianist Henry Hey. They get funky on "Conspiracy Theory" featuring saxophonist Steve Wilson and relax on "lost City with McCann switching to acoustic guitar. Matt Pavolka (b) and Mark Ferber (d) anchor the set.
